

Technical Data Sheet

Elements	Volume
Operating Elements	10 2-steps push buttons + 2 optional buttons
Supply Voltage	3.7V
Unique Combinations	Over 65,000 combinations
Emergency stop switch	Yes
Frequency Ranges	433.000-434.775 MHz
No. of Channels	69
Frequency Management	Manual Frequency Switching
Activation Type	Button Combination
Antenna	Internal
Battery Type	Rechargeable Li battery BLP3055
Battery Voltage/Capacity	3.6V/3000mAh
Continuous Runtime	Approx. 26 hrs
Operating Temperature Range	(-)15C to 70 C
Material of Enclosure	ABS Plastic
Weight	370 gm (with battery)
Dimensions	W64mm x D56mm x H224mm
Protection	IP65
Charger Type	CA1N5501 (AC charger)
Battery charging time	Approx. 4hrs
Feedback	LCD Display,Vibration alarm
LED Feedback	Power, Communication, Battery status, Operations
APCO(Automatic Power Cut-Off)	Approx.5 min after last Input Command
